

October 2022
Charlotte,
North Carolina

Prepare now to submit your paper in the future!

Mark your calendars now and watch for the official call for papers to submit your abstracts for the **Environmental Concerns in Rights-of-Way Management 13th International Symposium** to be held in Charlotte, North Carolina, October 2022 with our Symposium hosts from Duke Energy.

CALL FOR
PAPERS

We will be seeking abstracts from researchers, students, and leaders from across our industry worldwide on a broad spectrum of topics that focus on environmental impacts from constructing, using, and maintaining rights-of-way.

The symposium presents the latest research and other information on wildlife and their habitats, technology, regulation, best practices, and more.

PRESENTATION TOPICS TO CONSIDER

STAKEHOLDER PARTICIPATION AND PERMITTING

- Cumulative effects
- Fluctuations in regulatory standards
- Public engagement
- Managing stakeholder expectations
- Innovative technology tools

VEGETATION MANAGEMENT

- Restoring native species and habitats
- Controlling invasive species
- Managing the ecosystem composition
- Biological control mechanisms
- Leveraging technology (e.g., remote sensing, software, geospatial, etc.)

WILDLIFE

- Habitat protection
- Migration and breeding
- Pollinators and endangered species
- Integrated habitat management
- Technology integrations and applications

WILDFIRE

- Prevention strategies
- Protection strategies and success stories
- Successful collaboration efforts
- Response done well
- Technology: what's working; what's coming
