ROW 14 Exhibitor and Sponsorship Prospectus

MAY 11-14, 2026 | VANCOUVER, BRITISH COLUMBIA

ABOUT THE ROW SYMPOSIUM

For over 40 years, the ROW Symposia have addressed the environmental impacts that result from siting, constructing, using and maintaining rights-of-way. Practical information on ways of reducing these impacts is presented and published for future reference.

WHO ATTENDS

Representatives of utilities, government agencies, consulting firms, vendors, and universities concerned with electric, railroad, highway and pipeline right-of-way planning and management will converge in Vancouver to discuss a variety of topics.

This is the only event that brings together all parties involved in rights-of-way management.

This series has been held every three to four years since the early '70s and has consistently been one of **THE GREATEST ENVIRONMENTAL RESEARCH-BASED CONFERENCES** to attend.

WHY EXHIBIT?

- Reach hundreds of professionals in your target audience with information about your services, programs, and products.
- Forge and renew relationships with key decision-makers and purchasers.
- Interact with attendees during multiple events in the exhibit space.
- Raise awareness of your organization or company in the utility vegetation management (UVM) industry.

The image shows a large, vertical exhibit hall sign for the 13th International Symposium on Environmental Concerns in Rights-of-Way Management. The sign is displayed on a wooden easel. The background of the sign features a large electrical transmission tower and power lines against a blue sky. The text on the sign includes the event title, 'EXHIBIT HALL CAROLINA BALLROOM', the date 'MONDAY, OCTOBER 10', and a schedule of events. A QR code is located in the bottom right corner, with the text 'SCAN TO VIEW LIST OF SPONSORS AND EXHIBITOR MAP' next to it. At the bottom, there is a 'THANK YOU TO OUR DIAMOND SPONSORS' section with logos for CORTEVA and DUKE ENERGY.
